

## GRADUATE EMPLOYMENT SURVEY 2020

### REPORT

#### 1. Introduction

The Graduate Employment Survey was conducted in July for Diploma in Hospitality Management (Patisserie & Baking) students.

#### 2. Key Findings

The key findings of the survey are as follows:

##### a. Employment

- i. 60% of the graduates have full-time employment within 6 months after graduation
- ii. 40% of the graduates are either working part-time or plan to start their own business.
- iii. 80% of the graduates are employees while 20% are self-employed.

##### b. Salary

- i. The median monthly salary is S\$429 as the graduates are mostly based in India. This compares well with the average salary of graduates in India.
- ii. The highest monthly salary is S\$500 and the lowest is S\$190.

##### c. Relevance of training

- i. 20% of the graduates are engaged in jobs which are highly relevant to their training at BITC.
- ii. 70% of the graduates are engaged in jobs which are relevant to their training at BITC.
